Business Administration (BSBA)

Bachelor's Degree Programs

Bachelor of Science in Business Administration

The BSBA was developed to afford busy adults a degree option that would recognize the full range of their abilities in a convenient and flexible format. In addition to completing the general curriculum core, all BSBA candidates must complete a business core and a concentration in either accountancy, management or healthcare management.

In addition to the core curriculum requirements, BSBA students must complete the business core courses and concentration courses as detailed on the following pages. All students are required to take 120 credits to meet graduation requirements.

Business Core Requirements

All BSBA majors will take a core of business courses. These courses are the common subjects that differentiate a business degree from other degree programs. The following is a list of these courses.

Total Credits		30
BA-465	Executive Seminar	3
or FN-401	Intro to Corporate Finance	
FN-410	Business Finance (required for accounting majors)	3
EC-300	Stats for Business Finance & Economics	3
EC-102	Microeconomic Principles	3
EC-101	Macroeconomic Principles	3
BL-161	Introduction to Law & Contracts	3
AC-152	Principles of Accounting II	3
AC-151	Principles of Accounting I	3
BA-151	Principles of Management	3
BA-155	Principles of Marketing	3

Special Note on Core Curriculum

Students in the BSBA programs are encouraged to take CS-150 as part of their natural science requirement.

Business Core		30

Special Note on Core Curriculum Requirements

The Department of Accountancy strongly recommends MA-123 Elementary Calculus I as the core mathematics requirement for accountancy majors, but will accept MA-106 Introduction to Probability & Statistics. <u>Neither math course may be taken on a Pass/Fail basis.</u>

Special Note on Major Requirements

In order to satisfy some of the requirements needed to sit for the CPA Examination in the State of New Jersey, nine business elective credits must be completed. Business electives may be selected from courses in accountancy, business law, data processing, and management/marketing. In addition, New York State requires statistics (3 credits). Students who expect to sit for the CPA Examination in another state should verify the specific academic requirements of that state.
